# 7 Leadership Lessons of the American Revolution

by John Antal

**Leadership:** *Everything you do in life is impacted by your personal leadership quotient. In every aspect of life, you will only rise to the level of your leadership. Leadership is a sacred trust and the art of influence. It is the ability to motivate, inspire and impel people to get a mission accomplished.*

**Liberty and the American Revolution:** *“Yesterday the greatest question was decided which ever was debated in America; and a greater perhaps never was, nor will be, decided among men. A resolution was passed without one dissenting colony, that these United Colonies are, and of right ought to be, free and independent States.” John Adams*

*“A stimulating five-star work you’ll keep on top of your desk!”* Ralph Peters, Fox News Strategic Analyst and author of *Cain at Gettysburg*

*“John Antal has captured seven timeless stories that will raise your leadership awareness and make you a better leader in peace or war, at home, at work or in your community.”* Steven Pressfield, bestselling author of *Gates of Fire* and *The Warrior Ethos*

*“You’ll come away with the feeling that the founders of this country weren’t ‘historical figures’ but living, breathing human beings with huge problems to solve, for which they used methods available to any one of us who cares to learn.”* Bradley Thompson, television writer and producer and the co-writer for the hit TV series’ *Battlestar Galactica* and the second season of *Falling Skies*
